**Comments/Historical Information**

The Native Species Conservation and Enhancement Account was established in Chapter 1181, Statutes of 1977. Since that time the Department of Fish and Game has accounted for the activities in this account internally. However, per Chapter 1539, Statutes of 1988, the Controller is required to transfer moneys between the Fish and Game Preservation Fund and the Account. Therefore, a separate fund code was given to the Native Species Conservation and Enhancement Account.
